“Years of passion and dedication to bathroom accessories have taught us to master all the details. This catalogue will show you what that means.”

“Jarenlange toewijding voor badkameraccessoires heeft ons alle details leren beheersen.”

Focus op accessoires

Focus on accessories

Sinds 1885 maken we badkameraccessoires. We ontdekten een kleine wereld waarin je met details het verschil kunt maken. Materiaal, vorm, functie. We hebben nooit meer iets anders willen doen. Met die focus hebben we ons ontwikkeld tot een authentiek merk met Dutch DNA: onderscheidende, bekroonde designs, hoogwaardige kwaliteit en een nuchtere werkwijze.

Inmiddels kom je onze badkameraccessoires wereldwijd tegen. In particuliere badkamers, in 's werelds bekendste hotels en op de grootste cruiseschepen. Ze zijn ontwikkeld en geproduceerd voor intensief gebruik. Ze zijn doordacht in alle finesses en ze voldoen aan de hoogste eisen die je kunt stellen aan functionaliteit, design, installatie- en gebruiksgemak. Daarom mogen wij al jaren badkamerprofessionals, consumenten, architecten en designers ondersteunen bij het ontwerpen en realiseren van badkamerinterieurs.

We make bathroom accessories since 1885. We discovered a small world where you can make a difference with details. Material, shape, function. Since then, we never wanted to do anything else. With this focus we have developed into an authentic brand with Dutch DNA: Distinctive, award-winning designs, high quality and down-to-earth working methods.

Nowadays, you will find our bathroom accessories all over the world. In private bathrooms, in the world's most famous hotels and on the largest cruise ships. They have been developed and manufactured for intensive use. They're sophisticated and well-considered in every detail. And they meet the highest standards of functionality, design, and ease of installation and use. Could this be why we so often support bathroom professionals, consumers, architects and designers in designing and realising bathroom interiors?

Elke collectie is een beleving

Met goed gekozen accessoires maak je van een badkamer definitief de badkamer. De meer dan 15 collecties van Geesa bieden daarvoor een goed vertrekpunt.

De collecties zijn verdeeld in vier groepen: Round, Square, Functional en Organic. Iedere collectie heeft zijn eigen accenten. Je hoeft alleen het pad van je smaak te volgen om de collectie te vinden die de badkamer de finishing touch geeft. Onderweg vind je van elke collectie een aantal belangrijke details. Sfeerbeelden, maar ook foto's van elk product en lijntekeningen met precieze afmetingen, zodat het gemakkelijk is je tot in detail een beeld te vormen van wat deze accessoires doen in de badkamer en of het past.

Every collection is an experience

With well-chosen accessories you can really turn a bathroom into a definitive bathroom. Geesa's more than 15 collections offer a good starting point for this.

The collections are divided into four groups: Round, Square, Functional and Organic. Each collection has its own accents. All you have to do is follow the path of your taste to find the collection that gives the bathroom the finishing touch. Along the way, you will find some important details of each collection. This includes ambiance impressions, as well as photos of each product and line drawings with precise dimensions, so it's easy to get a detailed picture of how these accessories fit in the bathroom.

Shift

Iconisch en tijdloos. De Geesa Shift-serie valt op door haar ingetogen luxe en esthetische design. De haak vormt de basis van de collectie; een solide vorm met vloeiende rondingen. De evenwijdige rechthoek is 20 graden omhoog gekanteld waarbij er een uniek figuur ontstaat. Deze herkenbare Shift-vorm is volledig doorgevoerd in deze veelzijdige premiumcollectie van Geesa.

Iconic and timeless. The Geesa Shift range stands out through its understated luxury and aesthetic design. The hook lies at the heart of the collection: a solid shape with smooth curves. The parallel rectangle has been shifted by 20 degrees, creating a unique look. This familiar Shift design element is fully utilised in this versatile premium collection from Geesa.

Nemox

Brushed stainless steel

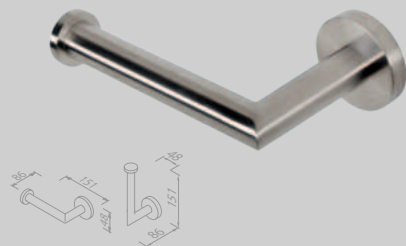

Het grote voordeel van RVS is de duurzaamheid. Duurzame, robuuste kwaliteit, zou je kunnen zeggen van Nemox Brushed stainless steel. Het materiaal gaat ook in dit opzicht een hecht verbond aan met het tijdloze ontwerp.

Nelio

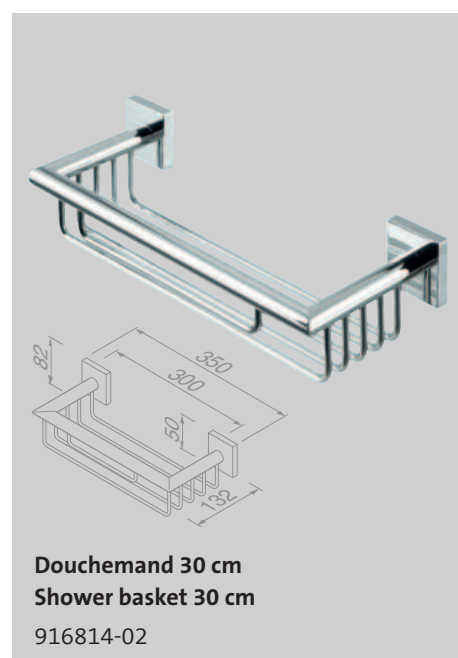

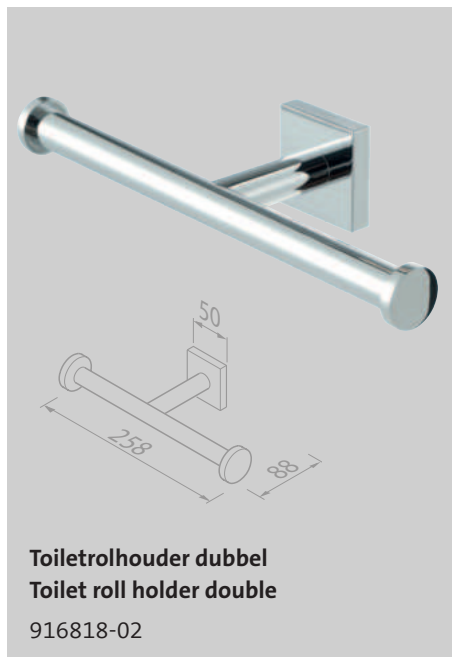

We kennen allemaal - meestal ook uit eigen ervaring - het spel met geometrische vormen. Hard, zacht. Scherp, rond. De stralende eenvoud die ontstaat uit een loepzuivere combinatie van cirkels, lijnen, vierkanten. Nelio zal je bekend voorkomen.

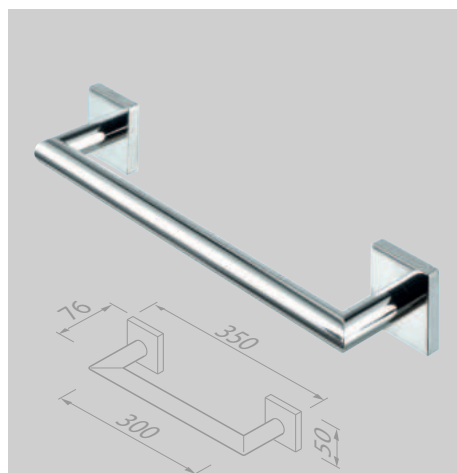

We all know the play with geometric forms, from our own experience too. Hard, soft. Sharp, round. The radiant simplicity created from a flawless combination of circles, lines, squares. Nelio will look familiar to you.

Basket

De eerste basket ontwikkelde Geesa in 1885. Daarna zijn vormen, materialen en de bevestiging in een vloeiende lijn meegegroeid met de tijd veranderd. Daardoor mogen we ons nog steeds meesters van de basket noemen. Je vindt er altijd een die perfect past.

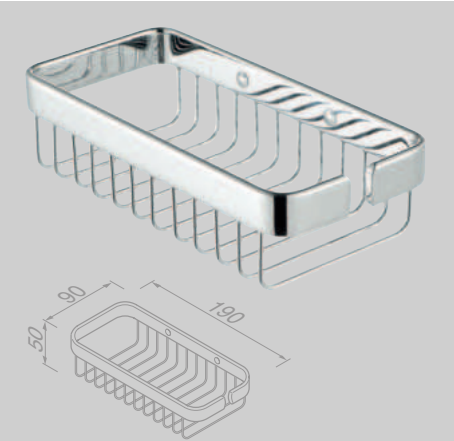

Geesa developed their first basket in 1885. After that, shapes, materials and fixing methods have developed in a smooth line over time. That's why we can still call ourselves masters of the basket. You'll always find one that fits your design needs perfectly.

Public Area

Bij voorkeur heb je geen omkijken naar accessoires in openbare ruimtes. Omdat duurzaamheid een belangrijke factor is, leggen we hier nog meer dan anders accenten op een tijdloos design, een onverwoestbare kwaliteit en intuïtief gebruiksgemak.

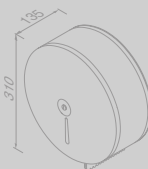

You would probably prefer not to think about accessories in public areas. Because durability is an important factor, we focus even more than usual on timeless design, indestructible quality and intuitive ease of use.

Montagehoogten

Onze accessoires zijn ontworpen om een leven lang mee te gaan. Ze vormen de perfecte balans tussen kwaliteit, functionaliteit en design. Om optimaal te kunnen genieten van onze producten, geven wij een montagehoogte advies. Bij de aangegeven maten en hoogtes is uitgegaan van een gemiddelde lengte van 1.78 m.

Mounting heights

Our accessories are designed to last a lifetime. They form the perfect balance between quality, functionality and design. In order to optimally enjoy our products, we provide a mounting height advice. The sizes and heights indicated are based on an average length of 1.78 m.

Glasmontage

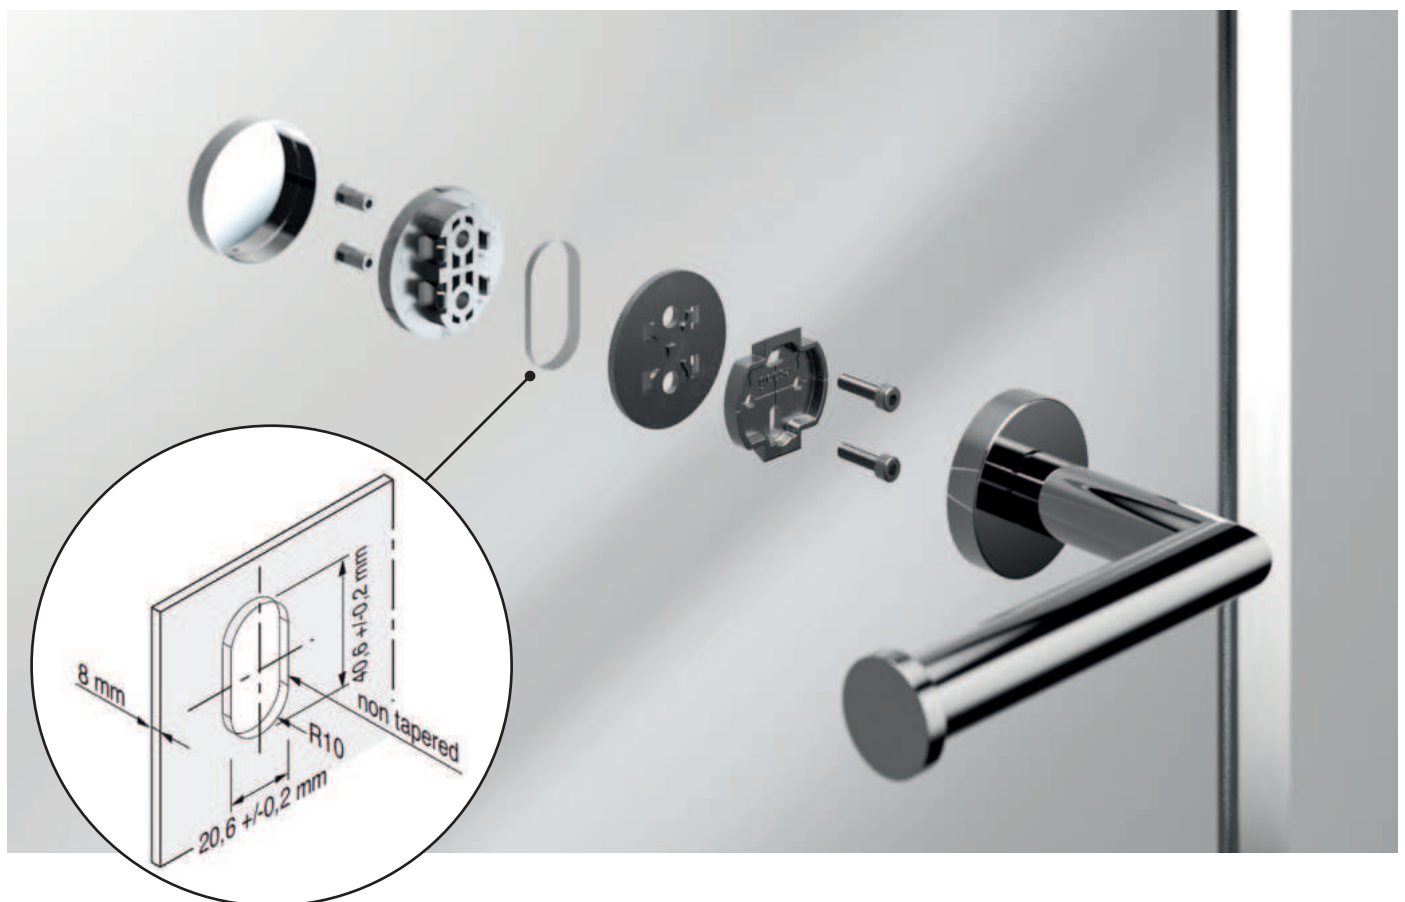

Het is mogelijk om accessoires uit de Nemox, Nemox stainless steel en Nemox black series op glas te monteren. In situaties waar de douchewand meteen een scheidingswand is met het toilet kan dit een oplossing bieden.

Het gaan hangen of zich optrekken aan een accessoire, dat op een glazen douchewand is gemonteerd, raden we ten zeerste af. De Nemox grepen: 916506-02; 916574-02; 916528-02, de Nemox stainless steel greep: 916506-05 en de Nemox black greep: 916506-06 zijn daarom uitgesloten van glasmontage.

Glass mounting

It is possible to mount accessories from the Nemox, Nemox stainless steel and Nemox black on glass. In situations where the shower wall is immediately a partition with the toilet, this can offer a solution.

We strongly advise against hanging or pulling yourself up on an accessory that is mounted on a glass shower wall. The Nemox handles: 916506-02; 916574-02; 916528-02, the Nemox stainless steel handle: 916506-05 and the Nemox black handle: 916506-06 are therefore excluded from glass mounting.

Special products Speciale producten

Wij denken graag mee met ontwerper, architect en installateur. Het is de uitdaging en tegelijkertijd onze passie om de sfeer te versterken die de ontwerper wil realiseren. De verscheidenheid aan dessins binnen ons assortiment maakt het mogelijk om verschillende stijlen te creëren. Daarnaast kan een deel van onze collectie in elke gewenste kleur worden uitgevoerd. Bijvoorbeeld de huisstijlkleuren van het hotel of een kleur passend bij de gekozen interieurstyl. Ook vanuit het oogpunt van functionaliteit of de beschikbare ruimte kunnen er specifieke wensen zijn. Dit kan een aanpassing zijn aan een bestaand product tot een bepaalde maat of de ontwikkeling van een totaal nieuw product.

Dit soort speciale producten kunnen aangevraagd worden bij ons verkoopteam. Afhankelijk van de vraag en de omvang van het project gaan we samen op zoek naar een oplossing en geven we invulling aan de uitvoering ervan.

We like to think along with designer, architect and installer. It is the challenge and at the same time our passion to strengthen the atmosphere that the designer wants to realise. The variety of designs within our range makes it possible to create various styles. In addition, a part of our collection can be executed in any desired color. For example, the corporate identity colors of the hotel or a color matching the chosen interior style. From the point of view of functionality or the available space, there may also be specific wishes. This can be an adaptation to an existing product to a certain size or the development of a totally new product.

These kinds of special products can be requested from our sales team. Depending on the demand and the size of the project, we will jointly look for a solution and give substance to its implementation.
